

Yorktowne Commons Scavenger Hunt Guidelines

- Please use this as an opportunity to get your kids outdoors to have some safe, family fun.
- Please obey the current social distancing rules set by our state. Avoid using this as an opportunity for multiple families or large groups of children to hang out.
- The points mean nothing. Parents, use them to your advantage!
- The hunts are broken down into 3 smaller ones by locale so it's not a wild goose chase, but they are not in any particular order. This hopefully accommodates families with younger children. As well, it provides an opportunity for a few short breaks during homeschooling and can be spread out across the week. However, if you want to tackle the whole neighborhood at once, go for it!
- Our subdivision ends on Thames Dr where the cement road turns into asphalt. The homes closest to Avon are not included.
- Please stay on the sidewalk. Every item should be placed in an area so it is easy for you to see.
- Items should be left out until 5pm Sunday night. If you can't find something, sorry! Our neighbor may have forgotten to place it.
